

Tatty My King  
Dovid Edell/Waterbury Mesivta

Notes: The timing is different for the end of the chorus. It helps to play along with the song.

Full lyrics are included for this Purpose.

Tip: If you are picking the low part, try playing the following instead of D:

E-X

A-5

D-4

G-0

B-3

E-X

[The same as a C moved up two frets.]

Capo fourth fret

Em C G D

I was told to speak to you Hashem

Em C G D

Maybe you can tell me who I am

Em C G D

I've been lost too long to know where I belong

Em C G D

In the end my only hope is that you'll hold my hand

Em C G D

How am I supposed to see your path

Em C G D

With so many questions I have to ask

Em C G D

Now I'm standing here alone I'm losing hope

Em C G D

And in the end my tears are falling to you Hashem

Em C G D  
So Tatty my king father I plead

Em C  
Don't ever let ever let go of me

G D  
Ever let ever let go of me

Tatty my king father I plead  
Don't ever let ever let go of me  
Ever let ever let go of me  
I'm starting to realize that you've held me so tight  
I'll follow your plan just don't let go of my hand

Tatty my king father I plead  
Don't ever let ever let go of me  
Ever let ever let go... of me
